DETAILED ACTION

This action is in response to Applicant's amendment filed on July 2, 2009.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claim 33 is rejected under 35 U.S.C. 102(e) as being anticipated by Ferree et al. (U.S. Patent No. 7201776).

Ferree discloses an artificial intervertebral disc having two outer elements 604 and an intermediate element 602. The intermediate element has a close annular shape in a first plane and has a ovular cross-section in a second plane perpendicular to the first plane (figure 6).

Allowable Subject Matter

Claims 15, 18, 19, 21, 25-32 are allowed.

Response to Arguments

Applicant's arguments are found persuasive and claims 15, 18, 19, 21, 25-32 have been deemed allowable

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
